

# 2kW Hand Drier / Blower

from Eberspächer

The Eberspächer Hand Drier provides blown air heating and a boosted air flow facility for drying hands when used in conjunction with a Eberspächer Hydronic independent water heater.

When hands are placed under the unit a boosted airflow is automatically activated via a proximity sensor to hygienically dry hands, saving on conventional towels.

It is ideal for mobile welfare, toilet facilities, or any application where paper towels saving is at a premium.

## Technical Specifications

	High	Low
Heat Output	2kW	1.5kW
Air Velocity	4.76 m/s	3.82 m/s
Power Consumption	3.3A	2.2A
Depth	185mm	
Width	216mm	
Height	215mm	
Pipe Size	16mm	
Weight	2.7kg	
Part Numbers	12v – E8375	24v – E8538

## Features

- \* Low Power Consumption.
- \* Low Noise.
- \* Long Life.
- \* 2 Fan Speeds  
– Photo Electric Sensor.
- \* Easy Installation.
- \* 12 Volt or 24 Volt.
